Continuation of Attachment(s) 9. Other: EXAMINER'S AMENDMENT AND ALLOWANCE.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Timothy J. Klima on 10/3/2005.

The application has been amended as follows:

-in the claims-

1. **(currently amended)** A sports brace comprising an elastic woven or knitted fabric, which for a sport of the kind that is performed using the arm/hand can be secured to the applicable arm/wrist of the person using it by means of a closure, wherein the brace includes a plurality of distributed weights, each comprising one housing in which a plurality of freely movable solid particles are located, the solid particles of each weight being movable within the respective housing to counteract an impacting force on the hand/arm, a brace including a plurality of striplike chamber, in each of which a plurality of weight are disposed.

2. **(currently amended)** The sports brace of claim 1, wherein the brace is embodied in two-ply form with spacing between the plies forming the striplike chambers which and ~~has a plurality of striplike chambers extending both parallel and transversely to a~~

longitudinal axis of the brace, and in ~~each of~~ which chambers, the disposed a plurality of weights are spaced apart from one another ~~are disposed~~.

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: figures 1, 4, 5 filled on 2/2/04 and figures 2 and 3 filled on 8/9/05. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

The following is an examiner's statement of reasons for allowance: As to claim 1, the prior art of record does not teach nor render obvious the overall claimed combination of a sports brace comprising one housing in which a plurality of freely movable solid particles are located, the solid particles of each weight being movable within the respective housing to counteract an impacting force on the hand/arm. Therefore, invention claimed in claims 1-20 is considered novel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shumaya B. Ali whose telephone number is 571-272-6088. The examiner can normally be reached on M-F 8:30-4:30.
